## The national report of Finland on the implementation of Directive 2006/21/EC on Management of Extractive Waste, for period 2017-2020

Dear Ms. Pellegrini,

Please find enclosed the national report of Finland concerning the implementation of Directive 2006/21/EC on Management of Extractive Waste, for period 1.5.2017-30.4.2020, together with an updated Excel file on permits of extractive waste facilities.

The amendments to Part A have been indicated with yellow highlighter.

Additionally, please note that the attached Excel file on permits of extractive waste facilities in Finland contains only such information that is required to be reported in Annex of Part B of the Questionnaire. Hence not all columns of the table are not filled in.

The report has been collected by the Kainuu Centre for Economic Development, Transport and the Environment. Possible questions concerning the Finnish report should be addressed to the Finnish Environment Institute.
